**Deliner™ smooths out wrinkles with healing mechanisms of the skin.**

### How Deliner™ works

Deliner™ . A corn extract that smooths out wrinkles by activating healing mechanisms in the skin. Deliner™ reduces the depth of wrinkles and smooths the skin by its specific action on fibronectin and its activation of cell migration and multiplication.

### A unique approach to improving the appearance of skin

Deliner™ is a corn extract that was demonstrated as the most effective molecule from among one hundred tested with respect to stimulating production of fibronectin.

# Glutathione

## The Super Hero of Antioxidants.

The body's "Master Antioxidant", glutathione plays a key role in our health, well-being, cellular repair and maintenance and overall toxicity level.

Glutathione (Glutathione Sulfhydryl) is a tripeptide consisting of glutamine, cysteine and glycine. It helps to prevent damage to our cells brought on by reactive oxygen species (ROS) such as free radicals and peroxides.

### *The Benefits of* **GSH-GLUTATHION PROTECTOR**

- Dramatically boost the **immune system**.
- Reduce **inflammation**.
- Support release of **toxic chemicals** from our skin.
- **Skin Lightening**.
- Reduce **inflammation**.
- Protects the skin against **cell damage** caused by environmental influences.
