

hydratante

  
**JEAN D'ARCEL**  
COSMETIQUE

**DEEP, LONG-TERM  
moisturising effect**

  
Designed,  
developed and  
made in Germany

hydratante

**High performance,  
moisturizing fluid  
for every skin type**

**Advanced  
moisturizer  
fluid**

Clinical proofs:

Two combined activities: **moisturising and soothing:**

- **Immediate effect** after a single application  
Immediate binding of the water in the stratum corneum and increase in moisturisation up to **+48.6%**, after **1 hour** application, the efficacy is lasting, as the increase is **+34.2% after 24 hours**.
- **Cumulative effect**  
Increase in moisture levels of the epidermis, which increase day by day each time the product is applied.
- **Persistent effect**  
After 4 weeks (applied twice daily):  
**52% improvement** in surface appearance and in the microrelief.
- Immediately smoothes small, fine wrinkles.

hydratante

**High performance,  
moisturizing fluid  
for every skin type**

**Advanced  
moisturizer  
fluid**

Extremely powerful active substances:

- **Soline Bio (Ecocert certified)**

Patented active ingredient from molecular distillation process  
Concentrate of noble molecules from linoleic sunflower oil  
Sustainable sourcing from Europe.

- **Pheohydrane®**

Is obtained by biotechnology from the membrane polysaccharide of brown algae combined with amino acids extracted from the microalgae, *Chlorella vulgaris* and minerals obtained from sea water.

- **Pentavitin®**

Unique composition similar to that of the carbohydrate complex (NMF) found in human skin.  
Derived from plant based D-glucose.

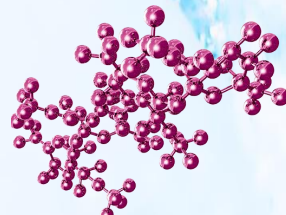

- **Hyaluronic acid**

Hyaluronic acid is a glycosaminoglycan, which is polysaccharide (essentially a very large sugar!). This complex sugar is a natural substance that is found in the skin.

Application:

Apply to the cleansed face morning and/or evening and massage in gently.  
According to need, a suitable cream may applied overtop.  
May also be used on its own.

Retail size: 50 ml. dispenser, Ref. N° 1341  
Professional size: 100 ml tube, Ref. N° 7401
