precious cream

The Supreme day and night global Anti-Aging Skin Care

An exceptional day and night treatment tailored to dry skin or skin lacking comfort, which targets the visible signs of the skin's programmed aging process to offer visible rejuvenation. At the heart of this formula, is Jean D'Arcel's patented DamasCell'Luxe stem cells complex™ a powerful combination of plant-based active ingredients, which works at day and night a key moment for cellular regeneration to offer the skin visible rejuvenation.

Contains:

- DamasCell'Luxe stem cells complex™
(Native plant cells from the queen of flowers the Damascene rose) • Soft focus pigments™
- Vitamin E • Ultra Filling Spheres™

Clinical test results after two weeks:
(DamasCell'Luxe stem cells complex™)

- Limit up to **38 %** the aging process of the cells.
- Extent up to **51%** the lifetime of the tighten dermis.
- Increase of the production of elastin **+ 190 %**
- Increase of collagen density by **+ 7 %**
- Improvement of elasticity by **+ 11 %**
- Reduction of wrinkle depth by **- 15 %**

precious eye cream

Adapted to the face's most delicate areas.

Clinically proven immediate and long-lasting benefits:

(Beautifeye™)

- ❑ Clinical studies have demonstrated the breakthrough effects of **precious eye cream**, on the drooping orbital surface and the fold height, both of which have been reduced respectively by up to **61%** and **91%** after **2 months** of treatment.
- ❑ Visibly smoothes crow's-feet wrinkles, decreasing their volume (up to **-34%**) and depth (up to **-33%**)
Highly translucent and clean skin tone effect.
- ❑ Fades dark circles, lessening the intensity of red (up to **-32%**) and blue (up to **-30%**) coloration.

Clinical test results after **10 minutes**:

(Ultra Filling Spheres™)

- ❑ Increased water absorption and swelling capacity
Long-lasting moisturization.
- ❑ Smoothing of fine lines and **deep** wrinkles.

Clinically proven immediate and long-lasting benefits:

(Vitamin E)

- ❑ Fade brown spots, and smooth roughness.
- ❑ Helping prevent premature skin ageing, excessive cross-linking and DNA degeneration.

Usage tips

Apply in the morning and/or evening on fresh cleansed eye area around the eye, from cheek-bone to the eyebrows and massage in gently.

COSMETIQUE

precious serum

German most powerful global anti-age serum,
helps the face regain the natural radiance of younger-looking skin.

Proven efficacy:

(**PatchH2O**, is the latest innovation in skin moisturization, inspired by its dual expertise in natural macromolecules and the technology of the controlled release of cosmetic active ingredients)

- Provides skin with intense moisturization in just 30 minutes, lasting up to 48 hours, in just one application.
- maintains optimal skin conditions as well as a healthy and youthfull appearance.

Proven efficacy:

(**Hyaluronic Super Molecular Weight / SMW**)

Feeding new hyaluronic acid to skin may help hydrate skin's intercellular reservoir, raising skin's moisture level, and smoothing down age lines.

- maintains optimal skin conditions as well as a healthy and youthfull appearance.
- serves as a water reservoir for the cells.

Clinically proven immediate and long-lasting benefits:

(Soft focus pigments TM)

- Instant soft focus effect that minimizes the appearance of wrinkles and supports anti-aging claims.
- Superior skin mattifying properties.
- Concealing skin blemishes.
- Highly translucent and clean skin tone effect.

Usage tips

Apply morning and night on fresh cleansed face, neck and décolleté. For optimum results, avoid sun exposure without protection

Retail size: 50 ml. dispenser, Ref. N° 1373

Professional size as tester: 50 ml. dispenser, Ref. N° 7423

The following high-quality components have been combined with the DamasCell'Luxe System

Beautifeye™

An effective combination of silk tree extract and Siegesbeckia Orientalis. Beautifeye is the first agent that has effect on the improvement of the skin of the eye contour area as he also counteracts sagging of the upper eyelid.

Bioplasma FA™

Effective energy booster based on plankton. A stimulating anti stress ingredient with anti-aging effect for improvement of the global cell functions. The agent detoxifies the cells, improves the cell energy, the cellular respiration and the repair capability whereby the cell communication in general is optimized.

Hyaluron acid

Hyaluron is a highly-dosed bio-hyaluron acid produced by a special method. The strong hydratation makes the skin appear smoother and firmer.

PatchH²O™

Provides a very fast and sustainable moisture effect. PatchH²O™ is gentle on the skin like a textile, natural tissue and provides immediately sustainable moisture up to 5 days.

Soft-Focus-Pigments™

Special light-reflecting pigments that visibly reduce small wrinkles soothing also signs of stress and fatigue. The contrast between light and dark that accentuates small wrinkles and unevennesses can be significantly reduced by diffuse light scattering. The skin appears immediately even and juvenile.

Ultra Filling Spheres™

They consist of two biopolymers: Hyaluron acid with low molecular weight and Konjac Glucomannan, a Polysaccharide with high molecular weight with extraordinary hygroscopic means moisture-binding properties. These distinctive hygroscopic properties facilitate fast increase of the volume of the spheres through the accumulated skin moisture what plumps up the skin from inside. Wrinkles and fine lines on the skin surface are visibly smoothed.

Vitamin E

Vitamin E is one of the three most frequently used vitamins in the skin care sector. It belongs to the powerful group of radical catchers, substance that is indispensable for cell protection.
